

# Leash on Life

June 2019

## Sniff them Out...

One of the best things you can do for the dog you love is train them. Fun games and training keeps your dog engaged with you and you with your dog. At [SPOT & CO](#) they will show you how to build a relationship with your best buddy using the power of positive training. They have a variety of group classes, so please check it out!

## Chomp, Chomp, Chomp...

What's that I hear? The happy chewing of a happy and quiet dog. [Benebones](#) are one of our favorite tough chew options for dogs of all sizes. Benebones are made of super-strong nylon with food-grade bacon, peanuts, and chicken, that's it. The flavor is infused throughout the bone. Benebone is a family business, producing top-quality dog chews, and all are made and sourced in the USA supporting other small businesses.
